History of the Kidney Foundation of Ohio

Over the past sixty-eight years, the Kidney Foundation of Ohio has grown dramatically. Originally founded in 1950 by a group of physicians and parents whose children suffered from childhood nephrosis, the Foundation serves 32 counties in northern and eastern Ohio, five counties in northern West Virginia, as well as chapter affiliates in Lake and Summit counties.

The Kidney Foundation of Ohio is a nonprofit organization, based out of Cleveland, and has become the premier agency in Ohio for providing direct assistance and education to individuals suffering from kidney failure. The Foundation remains the only health and human service agency in Northeast Ohio to provide direct dollars to patients.
